CHAPTER 1

1-1 PURPOSE:

The purpose of this regulation is to provide procedures and guidance for accounting and controlling of property owned by or issued to the Virginia Defense Force.

1-2 APPLICABILITY:

The Virginia Defense Force (VADF) is authorized under the authority of the Constitution of the United States and further under Title 44, Code of Virginia. Any and all members acting in the name of the Virginia Defense Force must do so in compliance with the United States and Virginia Laws. Any property acquired by or in the name of Virginia Defense Force becomes property of the Commonwealth of Virginia and must be safeguarded and accounted as state property.

1-3 RESPONSIBILITIES:

a. The Division G-4 is responsible for providing assistance to all units required, for developing and enforcing logistics policies and procedures, and keeping the Division Commander apprised of the logistics posture of the Division.

b. The Brigade S-4s and the Aviation Battalion S-4 are responsible for maintaining property accountability records for all VADF property in their subordinate units. Property records for the Division HHC, MP Co, Pers Svc Co, and Engr Co will be maintained by the Division G-4.

c. Unit commanders and all VADF personnel to whom property is issued or entrusted are responsible for the proper care and safeguarding of VADF property.

1-4 TYPES OF PROPERTY USED BY THE VIRGINIA DEFENSE FORCE:

a. VADF property purchased with state funds.

b. VADF property received by donation, which become state property upon VADF receipt.

c. Temporary loan property from Virginia Army National Guard or other agency, for which receipted documentation is maintained by the loaning agency, which is returned after a specific task or mission is completed.

d. Loaned personal property which is used by the VADF, but remains the property of the individual and is so marked with the individual's name and "Personal Property- Do Not Inventory".

e. Expendable property is normally of low dollar value which is consumed in use (i.e. paper, pencils, batteries, cleaning supplies).

CHAPTER 2

2-1 GENERAL:

This chapter provides the policy and procedures for maintaining accountable records and assignment of responsibility for property. Property issued for the use of the VADF will be controlled and accounted for on designated property records which will be maintained by the Brigade/Aviation Battalion S4.

2-2 DEPARTMENT OF MILITARY AFFAIRS - EQUIPMENT INVENTORY:

a. Property items costing \$500.00 or greater with a more than two year life expectancy are considered capitalized and require "fixed asset accountability". All such items will be reported to the Department of Military Affairs through the Division G-4 for establishment of accountability.

(1) VADF Form 710-2(A) Department of Military Affairs-Fixed Accounting and Control System will be used for such property and prepared under the control of the Division G-4.

(2) Units to whom such property is issued will safeguard the property. Upon transfer or departure of the individual to whom the property is issued, the G-4 will be notified and the property turned in or with the approval of the G-4 issued to another unit member.

b. Property items costing (documented value upon acquisition by VADF) \$100.00 to \$499.99 are considered "controlled items" and require formal accountability. Items received through Division G-4 are issued with the appropriate documentation, which is to be maintained by the Brigade/Aviation Battalion S-4. Donated items (\$100.00 - \$499.99) must be reported and authority received in writing from Division G-4 prior to VADF acceptance.

(1) VADF Form 710-2(B), Department of Military Affairs - Equipment Inventory, Controlled Inventory of VADF Equipment less than \$500.00 will be used. The Division G-4 or unit may prepare this form but a copy must be provided to the G-4 for file.

(2) This property will also be controlled as for "fixed asset accountability" property discussed in paragraph 2-2 a.

c. Property items costing (documented value upon acquisition by VADF) less than \$100.00, except heraldic items such as flags and guidons, require no formal accounting. Heraldic items such as flags and guidons will be accounted for as outlined in paragraph 2-2b.

d. Property records for items costing less than \$100.00,

1 February 1992

require no formal accountability record after completion of the purchase action. It is recommended however, that the procedures discussed for items costing \$100.00 - \$499.99 be followed for all non-expendable items. The S-4 or Supply Sergeant may establish an informal record of such property using VADF Form 710-2 (B).

2-3 HAND RECEIPTS:

a. The Hand Receipt, VADF Form 2062 (or DA Form 2062) is a method of assigning responsibility for non-expendable property. Property issued to units for extended use will be recorded on this form. This form is prepared in 2 copies with the original maintained by the issuing activity.

b. The temporary Hand Receipt, VADF Form 1150 (or DD Form 1150) will be used to control property issued for less than 90 days. This form will be prepared in 2 copies with the original retained by the issuing activity.

2-4 PROPERTY CONTROL: Property control is a command responsibility

a. Annual inventories are required of all property recorded on the formal VADF Form 710-2(A) and VADF Form 710-2 (B). This category includes all property with a recorded value of greater than \$100.00. This annual inventory will be conducted and a signed copy of the current VADF Form 710-2(A) and VADF Form 710-2(B), certifying the presence of the property, will be provided by the Brigade/Aviation Battalion S-4 to the Division G-4 as of 1 July.

b. Although formal property records, VADF Forms 710-2(A) and 710-2 (B) are maintained by the Brigade/Aviation Battalion S-4, subordinate units are encouraged to use Hand Receipts when applicable.

CHAPTER 3

3-1 GENERAL:

This Chapter provides policy and procedures for obtaining and accepting property for the Virginia Defense Force in the name of the Commonwealth of Virginia.

3-2 PROCEDURES FOR VADF RECEIPT OF DONATED ITEMS.

a. Items donated to the VADF become state property. When the item is no longer of use by the VADF, it will be disposed of through the state as surplus property. Written guidance will be provided from the division G-4 prior to disposal of any accountable property.

b. The VADF will accept as a donation only those items which are appropriate for support of the VADF mission, can be supported from a funding standpoint, be safeguarded by the unit, have prior Commonwealth approval if required, and will not become a burden upon the unit or subject the donor or the VADF to public criticism.

c. Prior written approval for VADF acceptance of donation must be obtained for any item with documented value of \$100.00 or greater. Establishment of value is the responsibility of the donor or the unit wishing to accept the property and must be in writing.

d. The VADF unit wishing to accept donated property from a donor, does so in the name of the VADF and the Commonwealth of Virginia. The request to accept a donation will flow through command channels to the Division G-4. Telephonic coordination is acceptable to speed the process. However, property will not be accepted by any representative or person acting for the VADF until formal written approval is received. Donation of property of less than \$100.00 documented value, may be approved by the Brigade Commander or his designated representative.

e. Requests for approval to accept donated items must include the following information: description (nomenclature, size, color, manufacture, rating, etc.); model number; serial number; documented fair market value; proposed location where the item is to be stored.

f. Upon receipt of approved donated item of equipment it becomes VADF property and is accountable as discussed in Chapter 2, paragraph 2-2.

3-3 REQUESTS FOR PROPERTY:

The Division G-4 manages all property transactions within the

1 February 1992

VADF. Units requesting to purchase property through the G-4 or to obtain temporary loan of property may use VADF Form 3161 or (DA Form 3161) as a request for issue. If funds are to be expended the unit budget must support such action.

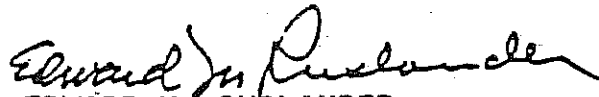

3-4 SURPLUS PROPERTY:

a. The Division G-4 has the responsibility for administering the Surplus Property Program for Federal, State and Donated Property. Property obtained by Federal and State agencies will be coordinated through the G-4. Procedures for obtaining such property, although described as "Free", often require an administrative processing charge to be borne by the recipient. Property obtained through State or Federal agencies is accountable and proper documentation must be maintained.

b. Property which becomes excess within a unit will be reported to the G-4 for disposition instructions. No person or unit may sell or trade any donated or purchased property without written authorization obtained from the Division G-4.
